Board of Education Meetings

The Board of Education consists of seven residents who are elected by the people and serve without salary for three-year terms of office. Board Meetings are generally held on the third Tuesday of each month at 7:30 p.m. (from September to June, located in the Innovation Learning Center in the west wing of Plainedge High School). The agenda and minutes of Board of Education Meetings are posted on the district's website.

During our Meetings, we look to highlight student and staff achievements, as well as provide in-depth presentations on the district's educational programs and services. These meetings strive to provide a clear picture of what is going on in the district. Our meetings also give community residents an opportunity to comment related to our schools and programs.

Please call the District Clerk's Office (516-992-7457) should you need more information about school board meetings. For the most up-to-date meeting information, visit www.plainedgeschools.org.

GENERAL INFORMATION

GUIDANCE SERVICES

Plainedge Public Schools offer comprehensive guidance services for all students in Grades K-12. The guidance program provides each student with assistance in personal and academic development, career and college planning, and adjustment to school. During a series of conferences and group sessions spanning all four high school years, counselors help students plan their educational future.

PSYCHOLOGICAL SERVICES

The main focus of the school psychologist is to support student success. They advise and consult with parents, teachers, and administrators. Psychologists work with students in a confidential setting and employ a variety of methods to evaluate and assist students in the areas of academic achievement and personality development.

The psychologist screens students for the Committee on Special Education and makes appropriate recommendations. Additionally, psychologists serve as a resource and contact between the school and numerous social agencies and mental health providers available to assist parents and children.

GENERAL INFORMATION

Conduct and Responsibilities

Code of Conduct

The Board of Education is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers and other district personnel, parents and other visitors is essential to achieving this goal.

The district has adopted a Code of Conduct that defines the expectations for conduct on school property and at school functions of students, staff, and visitors to school buildings, and the disciplinary actions resulting from violations of the Code, in accordance with the Dignity for All Students Act (DASA), as well as Safe Schools Against Violence in Education Program School Safety and Emergency Response Plan. It is based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity. A complete copy of the Code is available at https://bit.ly/PUFSD_CodeofConduct.

Student Responsibilities

In order to promote a positive learning environment, all district students have the responsibility to:

- Contribute to maintaining a safe and orderly school that is conducive to learning by showing respect to other persons and property
- Be familiar with and abide by all policies, rules and regulations dealing with student conduct.
- Attend school every day unless legally excused; be in class, on time, and prepared to learn.
- Work to the best of their ability in all academic and extracurricular pursuits and strive toward the highest level of achievement.
- React to direction given by teachers, administrators and other school personnel in a respectful, positive manner.
- Develop mechanisms to control anger.

GENERAL INFORMATION

Student Dress Code

The Plainedge Middle School and High School have adopted the following Student Dress Code as part of their Code of Conduct. All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. A student's dress, grooming and appearance, including hairstyle/color, jewelry, makeup and nails, shall be safe, appropriate and not disrupt or interfere with the educational process.

1. Extremely brief garments and see-through garments are not appropriate.
2. Footwear must be worn at all times.
3. Items that are vulgar, obscene, or libelous, that denigrate others, or that promote and/or endorse the use of alcohol, tobacco, illegal drugs or violent activities are prohibited.

Students who violate the dress code shall be required to modify their appearance by covering or removing the offending item and, if necessary, replacing it with an acceptable item. Any student who refuses to do so shall be subject to discipline, up to and including in-school suspension for the day.

SPECIAL EDUCATION

The district provides a full continuum of special education support and services to meet the needs of all students. Special education needs that cannot be met within the district are arranged in cooperation with neighboring districts, BOCES, outside agencies and private schools.

Early identification of a disability is vital in helping a child receive an appropriate education. Students are identified through the district's kindergarten screening program, parental referrals or referrals from principals, teachers, counselors, or medical professionals. Children with a potential disability are referred to the Committee on Special Education.

The Committee on Special Education (CSE) is comprised of a chairperson, a parent of a child with special needs, both a general and special education teacher, and a school psychologist. The presence of a physician is optional. The duties of the CSE are to review all data and to recommend to the Board of Education appropriate placement and programs for each child being classified.

ATTENDANCE

Attendance is required every school day. Excused attendance is defined as absence, tardiness, and early departure from class or school due to personal illness, illness or death in the family, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved internship programs or other such reasons as designated by the parent and accepted by the building principal.

Please telephone the main office when your child is absent. A note explaining the absence is required on the day your child returns to school. Children should arrive at school on time. A written note is required if a child is late.

HOMEWORK

Homework is an important adjunct to schoolwork. In general, homework is assigned to reinforce the work done in school or the completion of assignments, or research work that cannot be completed in school. The amount of work necessary depends on the subject, type of class and the individual child. You can assist with homework by providing a satisfactory place for work free from distractions, by establishing a time schedule for homework and by showing an interest in your child's work. The district has adopted "Homework Guidelines" that can be found on the district website.

PERSONAL PROPERTY IN SCHOOL

The Plainedge School District assumes no responsibility for personal property brought to school or to any school-related activity; that responsibility rests with the student. The Board of Education will not reimburse students or parents for loss or damage to personal property.

Students are also held responsible for any school property, such as books, locks, musical instruments, etc., that is assigned to them for their personal use.

REPORT CARD

The report card is one of the ways we communicate with you about your child's progress in school. While the report card is informative, it does not contain as much information as teachers would like to share with you. Therefore, please make every effort to attend parent-teacher conferences that are scheduled during the year. Parents are able to access their children's grades through the Internet by accessing Power School.

STUDENT ACCIDENT INSURANCE

The Plainedge Schools provide student accident insurance without charge. The insurance is known as NON-DUPLICATING COVERAGE. This means that parents may be reimbursed for medical bills for an accident occurring at school, AFTER their own private insurance has been utilized. The school district itself is not responsible for the payment of medical bills that result from an accident.
