### Board of Education Meetings

The Board of Education consists of seven residents who are elected by the people and serve without salary for three-year terms of office. Board Meetings are generally held on the third Tuesday of each month at 7:30 p.m. (from September to June, located in the Innovation Learning Center in the west wing of Plainedge High School). The agenda and minutes of Board of Education Meetings are posted on the district's website.

During our Meetings, we look to highlight student and staff achievements, as well as provide in-depth presentations on the district's educational programs and services. These meetings strive to provide a clear picture of what is going on in the district. Our meetings also give community residents an opportunity to comment related to our schools and programs.

Please call the District Clerk's Office (516-992-7457) should you need more information about school board meetings. For the most up-to-date meeting information, visit [www.plainedgeschools.org](http://www.plainedgeschools.org).

## GUIDANCE SERVICES

Plainedge Public Schools offer comprehensive guidance services for all students in Grades K-12. The guidance program provides each student with assistance in personal and academic development, career and college planning, and adjustment to school. During a series of conferences and group sessions spanning all four high school years, counselors help students plan their educational future.

## PSYCHOLOGICAL SERVICES

The main focus of the school psychologist is to support student success. They advise and consult with parents, teachers, and administrators. Psychologists work with students in a confidential setting and employ a variety of methods to evaluate and assist students in the areas of academic achievement and personality development.

The psychologist screens students for the Committee on Special Education and makes appropriate recommendations. Additionally, psychologists serve as a resource and contact between the school and numerous social agencies and mental health providers available to assist parents and children.

## EMERGENCY CLOSING OF SCHOOL

When the safety of children requires that schools be closed because of weather, road conditions or other situations, the following sources will carry the news of the closing between 5:30 a.m. and 8 a.m. Please obtain your news from these sources rather than calling the schools. In addition to these sources, we will also notify parents through the automated telephone system. This system allows the administration to contact parents and caregivers by phone. Please make sure we have your most recent and preferred telephone number for this purpose.

**TV:** News 12 Long Island

**Social Media:** Facebook and Instagram

## USE OF INCLEMENT WEATHER DAYS

There are no inclement weather days planned in the 2026-2027 school calendar. If we are to close, the first day will be a traditional inclement weather day for students. (Teachers will make up the day on Eid as a Superintendents Conference Day.) Any subsequent closings will be remote learning for all students.

## DELAYED SCHOOL OPENING

Depending on road conditions, the opening of school may be delayed by two hours. If there is a delayed opening, all students who are bused to school should be at their regular bus stops exactly ninety minutes later than usual. Dismissal times remain the same.

## EARLY DISMISSAL

If it becomes necessary to dismiss students early because of emergency conditions in the district, announcements will be made on television station listed above. We will also notify parents through the automated telephone system. This automated system allows the administration to contact parents and caregivers by phone. Please make sure we have your most recent and preferred telephone number for this purpose. We will also post early dismissal information on the district website.

## Conduct and Responsibilities

### Code of Conduct

The Board of Education is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers and other district personnel, parents and other visitors is essential to achieving this goal.

The district has adopted a Code of Conduct that defines the expectations for conduct on school property and at school functions of students, staff, and visitors to school buildings, and the disciplinary actions resulting from violations of the Code, in accordance with the Dignity for All Students Act (DASA), as well as Safe Schools Against Violence in Education Program School Safety and Emergency Response Plan. It is based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity. A complete copy of the Code is available at [https://bit.ly/PUFSD\\_CodeofConduct](https://bit.ly/PUFSD_CodeofConduct).

### Student Responsibilities

In order to promote a positive learning environment, all district students have the responsibility to:

- Contribute to maintaining a safe and orderly school that is conducive to learning by showing respect to other persons and property
- Be familiar with and abide by all policies, rules and regulations dealing with student conduct.
- Attend school every day unless legally excused; be in class, on time, and prepared to learn.
- Work to the best of their ability in all academic and extracurricular pursuits and strive toward the highest level of achievement.
- React to direction given by teachers, administrators and other school personnel in a respectful, positive manner.
- Develop mechanisms to control anger.
- Ask questions when they do not understand.
- Seek help in solving problems that might lead to discipline.
- Dress appropriately for school and school functions.
- Accept responsibility for their actions.
- Conduct themselves as representatives of the district when participating in or attending school-sponsored extracurricular events, and exercise the highest standards of conduct, demeanor and sportsmanship.

# GENERAL INFORMATION

## Student Dress Code

The Plainedge Middle School and High School have adopted the following Student Dress Code as part of their Code of Conduct. All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. A student's dress, grooming and appearance, including hairstyle/color, jewelry, makeup and nails, shall be safe, appropriate and not disrupt or interfere with the educational process.

1. Extremely brief garments and see-through garments are not appropriate.
2. Footwear must be worn at all times.
3. Items that are vulgar, obscene, or libelous, that denigrate others, or that promote and/or endorse the use of alcohol, tobacco, illegal drugs or violent activities are prohibited.

Students who violate the dress code shall be required to modify their appearance by covering or removing the offending item and, if necessary, replacing it with an acceptable item. Any student who refuses to do so shall be subject to discipline, up to and including in-school suspension for the day.

## SPECIAL EDUCATION

The district provides a full continuum of special education support and services to meet the needs of all students. Special education needs that cannot be met within the district are arranged in cooperation with neighboring districts, BOCES, outside agencies and private schools.

Early identification of a disability is vital in helping a child receive an appropriate education. Students are identified through the district's kindergarten screening program, parental referrals or referrals from principals, teachers, counselors, or medical professionals. Children with a potential disability are referred to the Committee on Special Education.

The Committee on Special Education (CSE) is comprised of a chairperson, a parent of a child with special needs, both a general and special education teacher, and a school psychologist. The presence of a physician is optional. The duties of the CSE are to review all data and to recommend to the Board of Education appropriate placement and programs for each child being classified.

## ATTENDANCE

Attendance is required every school day. Excused attendance is defined as absence, tardiness, and early departure from class or school due to personal illness, illness or death in the family, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved internship programs or other such reasons as designated by the parent and accepted by the building principal.

Please telephone the main office when your child is absent. A note explaining the absence is required on the day your child returns to school. Children should arrive at school on time. A written note is required if a child is late.

## HOMEWORK

Homework is an important adjunct to schoolwork. In general, homework is assigned to reinforce the work done in school or the completion of assignments, or research work that cannot be completed in school. The amount of work necessary depends on the subject, type of class and the individual child. You can assist with homework by providing a satisfactory place for work free from distractions, by establishing a time schedule for homework and by showing an interest in your child's work. The district has adopted "Homework Guidelines" that can be found on the district website.

## PERSONAL PROPERTY IN SCHOOL

The Plainedge School District assumes no responsibility for personal property brought to school or to any school-related activity; that responsibility rests with the student. The Board of Education will not reimburse students or parents for loss or damage to personal property.

Students are also held responsible for any school property, such as books, locks, musical instruments, etc., that is assigned to them for their personal use.

## REPORT CARD

The report card is one of the ways we communicate with you about your child's progress in school. While the report card is informative, it does not contain as much information as teachers would like to share with you. Therefore, please make every effort to attend parent-teacher conferences that are scheduled during the year. Parents are able to access their children's grades through the Internet by accessing Power School.

## STUDENT ACCIDENT INSURANCE

The Plainedge Schools provide student accident insurance without charge. The insurance is known as NON-DUPLICATING COVERAGE. This means that parents may be reimbursed for medical bills for an accident occurring at school, AFTER their own private insurance has been utilized. The school district itself is not responsible for the payment of medical bills that result from an accident.

The district has developed substance use/abuse prevention and intervention programs, including a sequenced K-12 prevention curriculum, and substance abuse assessment and counseling services for students.

## PLAINEDGE ATHLETIC OFFICE

The Plainedge School District typically offers a variety of sports for students in Grades 7-12. The sports are listed in the middle school and high school program guides. All participants must have physical exams and present permission forms to the school nurse before participating in the interscholastic program. For further information, please call the athletic office at 992-7475.

## EMERGENCY DRILL EXERCISE

As part of the Safe Schools Against Violence in Education Program (SAVE) and our emergency response

plan, the district's safety team has developed a plan for an annual test of our school building emergency response plans. The drill shall test the following components of the plan: alert warning, communications, staff procedures, transportation, public information and emergency procedures. Parents shall be notified in advance of the date of the drill.

## VANDALISM

Educational programs teach children positive attitudes toward public and private property. In an effort to control vandalism, the district employs security guards and has installed a vandal alarm system. Anyone who is apprehended while involved in vandalizing our buildings will be prosecuted. Parents are reminded that current New York State law makes parents responsible for \$1,500 in damages incurred by the actions of their children. It is the policy of the Board of Education to seek reimbursement from parents whenever possible. If you see any of the district schools being vandalized, please call this number immediately: 992-7492.

## TAX EXEMPTIONS

The Plainedge Board of Education passed resolutions to adopt the Senior Citizen Property Tax, the Persons with Disabilities and Limited Income Property Tax, the Veterans Tax and the Volunteer Firefighters and Ambulance Workers Tax Exemptions. The amount of the exemption is determined by the Nassau County Department of Assessment based on a sliding scale related to income level.

Applications for these exemptions must be made annually by Dec. 31 to the Nassau County Department of Assessment, 240 Old Country Road, Mineola, N.Y. 11501. For additional information, please call 571-1500.

# ANNUAL NOTICES

## ASBESTOS MANAGEMENT PLAN

In accordance with AHERA regulation, 40 CFR Part 763.93, the Plainedge School District continues to maintain for public inspection, in the main office of each facility and central administration, a copy of the Asbestos Management Plan in addition to other asbestos-related documentation. For further information about the plan, please call 992-7470.

## PESTICIDE NOTIFICATION

A New York State law went into effect July 1, 2001 requiring schools to inform all staff, parents and guardians that pesticides may be used periodically through the school year. We are required to maintain a list of staff or parents who wish to receive 48-hour prior written notification of pesticide applications. If you would like to be notified, or have any questions regarding the legislation, please call 992-7470.

Additional information can be obtained by calling the National Pesticide Information Center, 800-858-7378, or the New York State Health Department Center for Environmental Health, 800-458-1158.

## SEXUAL HARASSMENT POLICY

The Plainedge Board of Education is committed to maintaining a safe and positive learning environment free of sexual harassment of students. The Board condemns all unwelcome behavior of a sexual nature toward students and will take strong disciplinary action if it determines there has been retaliatory behavior against complainants or witnesses. Confidentiality for all persons involved will be respected to the fullest extent possible.

Sexual harassment is defined as unwelcome physical or verbal contacts of a sexual nature, which are designed to extort sexual favors or which have the purpose or effect of creating a demeaning, intimidating, hostile or offensive environment.

Students who believe they have been subjected to sexual harassment, or parents acting on their behalf, are to report the alleged misconduct to their principal, teacher or counselor. Before proceeding to any investigation, a formal complaint form must be submitted by the accuser. Upon receipt of the form, a prompt, thorough and impartial investigation will be conducted. Complaint forms and copies of the policy are available from the principals and the counselors at all schools.
